Murray, Ky., Wednesday Afternoon, July 1, 1964

Murray Population 10,100

Vol. LXXXV, No. 156

A dedicatory service will be held at the Kirksey Baptist Church on Sunday, July 5. Bro. Terry Sills is pastor of the church.

Seen & Heard Around MURRAY

An elderly woman picked out a very handsome sweater and mailed it to her son-in-law as a birthday gift. Some weeks later, the mother-in-law paid a visit. Being a dutiful and prosocial person, the son-in-law was surprised one of the sweaters when she arrived. She looked him up and down and barked: "What's the matter, didn't you like the other one?"

There is an area east of town, on the left of the highway that is apparently being filled. It has every appearance of a strip-strip, although we have tried to get away from since the beginning of the century and fill method.

With summer here and hundreds of tourists coming into Murray and leaving, also out the east highway it would be nice if the fill could be made to look more like a fill and less like a dump.

A group of businessmen were stopping off for martinis before beginning the trek home. After a few rounds, one of the men slid off the stool and slowly slumped to the floor. His friend commented: "That's one thing you can say for Charlie, he knows when his time to stop."

Folks still call for cigar boxes according to John Ed Scott.

We can remember when getting a new cigar box was a big event of the day. You could do almost anything with them. We didn't know whether kids still saved things in them or not.

We picked up a nice one today that must have cost a dollar to make. Oh, I don't know, we'll find something to put in it.

We are way behind Hafford James, but we at least have tomatoes. They are not ripe or even big, just tomatoes. Put out three plants and they all have tomatoes on them.

We planted them by digging a deep hole with a post hole digger, and filling the hole about half full with chicken litter from Mrs. Kelly's place. Then some rich dirt, and finally the tomato plant.

We water them every evening, and they look fine.

The last house on the Murray High property, facing Main street, has been removed and the fence is being put up to include the area in the playground area of Austin School.

Swimming Class Cancelled Saturday

The Red Cross beginners swimming class for children will not be held Saturday, July 4th.

The Health Building at Murray State College will be closed and all children taking the class are to be there the following Saturday, July 11 at 8:00 a. m.

Kirksey Baptist Church Will Dedicate Building On July 5

The Kirksey Baptist Church Sanctuary will be dedicated on Sunday, July 5. The dedicatory service will be conducted by Bro. Terry Sills.

The church building program first began on January 20, 1956 when the church approved a recommendation of the pastor to set aside each fifth Sunday as Building Fund Sunday. In the summer of 1956 construction began on the new building and the first service was held early in November of that year. The total cost of the building was \$9,700.00. An additional 100 hours of labor was donated. New church furniture has since been bought at a cost of \$2,800.00. The building committee was composed of R. W. Spinks, Urban Belcher, and Carlin Riley.

The church was first organized through the work of Brother Karl Chapman who now lives in Oklahoma. He began the work with a tent meeting in 1908. The tent was located on the property presently belonging to H. E. Tress. About 1910 the first building was erected on the present property purchased from Dr. J. T. Gingles.

In October of 1910 the church joined the Blood River Association. In 1917 the church entertained the Blood River Association for its 48th annual session.

At first the church grew in numbers but by about 1927 circumstances necessitated its closing. The first five pastors of the church were Karl Chapman, L. R. Riley, J. T. Cunningham, Boone Castleberry, and W. C. Skinner.

Services were not held again until August of 1940 when the Blood River Mission Board sent Brother C. W. Lawrence to the field in an effort to revive the work. Because the building was beyond use, he began with a three week revival under a brush arbor adjoining the old building. There were eight decisions during this meeting; five by letter and three by baptism.

The Mission Board then appointed a committee to repair the old building. The committee consisted of Bro. Lawrence, Carlin Riley, and Fred Gingles.

On April 20, 1941 the first service was held in the building. The total cost of remodeling was \$850.00. The little church struggled along faithfully for the next few years. It was not until 1945 that the church first observed the origin-

FIRST HAND REPORT—Former CIA Director Allen Dulles (right), shown in Jackson, Miss., with Gov. Paul B. Johnson, said he is there to get a first hand report on the civil rights problem from business and civil rights leaders. He said he felt the investigation of three civil rights workers is in good hands.

Million-Dollar Lake Resort Planned By Large Combine

A new Kentucky Lake area resort has been opened by a group of Dickson businessmen who say they plan to spend a million dollars developing the 154-acre area in the next 10 years.

Named Brownfield Resort, the development is on the Sturgeon County shore of the lake, between Standing Rock Creek and Leshwood Creek.

Occupying a sloping hill side overlooking a quiet protected bay with two miles of shoreline, the shady retreat was occupied by the developers May 24 and is now open for business to tourists, writers, picnickers and swimmers, according to Col. Charles C. Carroll, manager.

A bath house and restrooms have been constructed, and owners plan to start building a dock with covered slips next week. Construction of cottages is to follow completion of the dock, Carroll said.

Owners plan to build about 20 to 25 cottages by next spring, each with one or two bedrooms, kitchenette and fireplace. Six cottages are to be ready by fall for hunters, fishermen and swimmers, according to Col. Carroll.

A native of Cincinnati, Carroll has had a varied career. He has spent most of his life in California where he produced motion picture settings and owned a ranch. He moved to farm in Danville, Ky. six years ago, then moved to Camden, Tenn., where he is now.

Before becoming manager of the resort, he has the distinction of being named a "Kentucky Colonel" by the Governor's staff.

Col. Carroll and his wife, Emily, now live in a trailer on the resort.

The resort is owned by Lakeside Enterprise, a corporation consisting of James M. Bell, president; Roy C. Brown, vice president; Kenneth R. Fowles Sr., secretary-treasurer; Woodrow Fielder and Neil T. Brown, all from Dickson, Tennessee.

State Buys \$25,500 Worth Of New Autos

By CAROLE MARTIN

United Press International

FRANKFORT, Ky. (UP)—The state has purchased new cars for 10 state officials at a total cost of \$25,500.

The automobiles, four-door, air-conditioned 1964 Mercury Monteiros, were delivered last week to the state Department of Highways' motor pool for leasing to the individual departments on a two-year basis.

Purchasing Director James King said the low bid submitted by Paragon Motors, Paducah, was "one of the finest we've ever received" on automobiles. He said the low bid of \$2,550 on each car was an indication of the better prices that are available when several requests can be grouped in one purchase.

King noted that there was a difference of only \$34 between the first two bids.

Bids were taken on the Mercury, Pontiac Catalina and the Dodge 880.

The fourth lowest offer was \$2,394 submitted by a Dodge dealer. King noted that the last time the state had received bids on the Dodge 880, the low offer was \$2,066. He said this was a good example of how much can be saved by buying in groups.

Officials who will acquire the new cars were:

Secretary of State Thelma L. Stovell, state Auditor Henry Carter. (Continued on Page 5)

Kentucky News Briefs

BANKER DIES

BOWLING GREEN, Ky. (UP)—George M. Keesley, president and board chairman of First Federal Bank, died in Nashville, Tenn. Tuesday. He was 83.

OFFICIAL PROMOTED

FRANKFORT, Ky. (UP)—James W. Febr, 35, has been named assistant director of planning and research for the Kentucky Highway Dept. He was promoted from assistant director of roadside development.

TRAPPED BY ARMY

LEXINGTON, Ky. (UP)—Steve Maroucell, Lexington, will enter the U.S. Military Academy at West Point, N.Y., next fall. His appointment was announced Tuesday.

BOOK PREXY NAMED

LEXINGTON, Ky. (UP)—H. Joseph Houlahan, owner of a book shop in Lexington, has been elected president of the American Booksellers Association for the 10th time in 11 years. He is a former president of the organization having served from 1952 to 1958.

FIRE HITS HOUSES

LOUISVILLE, Ky. (UP)—A two-alarm fire early today destroyed five houses and a garage on Louisville's East Side. Two fire companies fought the blaze.

L & N APPOINTS BUYER

LOUISVILLE, Ky. (UP)—The Louisville and Nashville Railroad today appointed William T. Johnson as director of purchases, succeeding James T. Healy, who retired.

BOND ISSUE APPROVED

RICHMOND, Ky. (UP)—Madison County Board Tuesday approved a \$500,000 bond issue for enlargement and renovation of the county courthouse.

Gospel Series To Begin On Sunday

A gospel meeting will begin at the New Concord Church of Christ on Sunday 5 and will continue through July 12. Wilford Hefflin, Jr. of Clarksville, Arkansas will do the preaching.

Richard Chastaine will be the song leader. Services will be held on Sunday at 11:00 a.m. and 7:30 p.m. and Monday through Saturday at 8:00 p.m. and 7:30 p.m.

Beverly Lassiter, Top Dancer In Stars, Is Also Active Student

Miss Beverly Lassiter

When you see "Stars in My Crown," you may recognize the pretty blonde on the far right of the cover of the new issue of the "Golden Era" magazine.

This spring Beverly was named fourth runner-up in the Miss Kentucky contest, preliminarily to the Miss Universe contest.

In September she will enter Ohio State University to begin work in the field of medical technology.

Jimmy David Suller, Mayfield, speeding, State Police. Fined \$10.00 and costs suspended.

James Henry Garrison, Jr., Murray route two, speeding amended to breach of peace, State Police. Fined \$10.00 and costs of \$15.00.

Willie J. Wootch, Cadiz, overweight, Department of Motor Transportation. Fined \$25.00 and costs of \$10.00.

Don Choate, Murray route five, speeding, State Police. Fined \$10.00 and costs suspended.

James Earl Hawkins, Louisville, fishing without a license, Conservation Office. Fined \$15.00 and costs of \$15.00.

Harry Valentine, Phoenix, Ariz., speeding, State Police. Fined \$10.00 and costs of \$15.00.

Roy Wyatt, Jr., 501 Vine, speeding, State Police. Fined \$10.00 and costs of \$15.00.

James O. McClure, Murray route five, speeding amended to breach of peace, State Police. Fined \$10.00 and costs of \$15.00.

Gerald Travis, Hardin route one, speeding, State Police. Fined \$10.00 and costs of \$15.00.

William Allison Barlow, Murray route five, speeding amended to breach of peace, State Police. Fined \$10.00 and costs suspended.

James Thomas Hughes, 105 N. 14th, reckless driving amended to speeding, State Police. Fined \$10.00 and costs suspended.

James B. Shickel, Murray route three, DWI, State Police. Fined \$10.00 and costs of \$10.00.

James B. Shickel, Murray route three, driving while license revoked, State Police. Fined \$25.00 and costs of \$15.00.

Rothal Wayne Conner, breach of peace, the Sheriff. Fined \$10.00 and costs of \$25.00.

Curry H. Hinson, Buchanan route one, speeding, State Police. Fined \$10.00 and costs of \$15.00.

Charles Bourland, public drunk, the Sheriff. Fined \$10.00 and costs of \$25.00.

McKay and the X15 hurtled through the sky at more than five times the speed of sound.

"Only seconds after he was launched, he lost all guidance," said a spokesman for the National Aeronautics and Space Administration NASA. "He couldn't tell how fast, how high he was going, or what his flight path was."

McKay resorted to secondary indicators which enabled him to slowly level out the world's fastest aircraft. He shut off its mighty 14,000 pound thrust engine early to complete his flight safely.

Or, in the words of the NASA spokesman:

"But he resorted to alternate flying measures and performed his mission without incident."

In Tuesday's flight, McKay had been scheduled to fly to an altitude of 100,000 feet — about 35 miles high — and at a speed of about 3,500 miles an hour. He reported that because of the trouble, his speed and altitude were less than expected, about 90,000 feet high and 2,275 m.p.h.

His flight was designed to prepare him for future X15 missions. He will make into space to photograph the stars beyond a belt of haze which surrounds the earth.

McKay was injured in November of 1962, when the X15 he was flying crashed during an emergency landing.

Community Revival Is Now In Progress

A community revival is in progress at the Old Salem Church. Services are being held each evening at 7:30 with Rev. A. L. Scott of Smithland as the evangelist.

The non-denominational service is open to the public. The church may be reached by proceeding off the New Concord road and turning left at the sign.

LEGISLATURE CANDIDATE AT 16—Leonard Tagg, only 16 years old and a candidate for the Massachusetts House of Representatives, gets his nomination papers signed by Mrs. Leo DiAngelo in Weymouth. This is the first instance of a 16-year-old running. He is five years shy of voting age, but there's nothing in law to stop him from being a candidate.

The Heat Is On Jackson To Reach His First 20 Games

By GEORGE C. LANGFORD

UPI Sports Writer

The heat's on Larry Jackson and that makes things almost perfect. The 32-year-old Chicago Cub rightshander current has his best jump on the 20-victory season which has been predicted for him every year since he broke into the major leagues in 1955, but which he has never been able to achieve. "I've never been able to help a ball club before May," admits the forthright hurler, whose victory total has ranged from 13 to 18 the last eight years. "I'm a hot weather pitcher. The hotter the better. It makes me concentrate more."

The mercury was in the mid-80s Tuesday in Chicago and a delighted Jackson was even hotter as he missed the National League's second perfect game within a 10-day span by a single pitch. Jackson buried the Cubs to a 1-0 victory over Cincinnati and the only Red who didn't wait under Jackson's spell was Pete Rose, who singled cleanly into centerfield to open the seventh inning. Jackson dispatched the Reds with only 35 pitches in one hour and 40 minutes—the fastest game of the National League season—to register his 10th victory against five defeats.

Tough Loss
Joey Jay was the tough-luck loser, allowing only two hits—both by rookie Jim Stewart—in dropping his first decision to the Cubs since July 29, 1961. Stewart's single in the sixth inning scored Dick Bertell who had walked and moved up on a sacrifice.

Jim Bunning, 8-3, who turned in a perfect game 10 days ago against the Mets, limited the Houston Colts to five hits in hurling the Phillies to an 8-1 victory over Ken Johnson, 6-7.

Johnny, who lost a no-hit effort to Cincinnati earlier this season, was the victim of three outfield errors by the Colts in the first inning when the Phillies scored five runs, only one of them earned. John Herrmann paced the Philadelphia attack with three singles.

The victory kept the Phillies a half-game behind the pace-setting San Francisco Giants, who blanked the New York Mets 5-0. Milwaukee topped St. Louis 5-1 in the only other National League game scheduled.

All Action

In the American League, the Yankees swept two from the Angels 4-0 and 3-2. Minnesota tripped Baltimore 3-1. Kansas City nipped Boston 2-0. Washington clipped Detroit 6-0 and Chicago routed Cleveland 12-3.

Gaylord Perry 6-3 was freed from the bullpen for only the second time this year and won his first decision as a starter, shutting out the Mets on three hits.

Orlando Cepeda staged his 13th home run with one aboard and Tim Lincecum added his seventh in the sixth inning to seal the defeat for

starter Galen Cisco 3-10 of the Mets. Pinchhitter Ty Cline delivered his first homer of the season with a man on base in the eighth inning to account for the Braves comeback victory. Hank Aaron slugged four hits for Milwaukee including a two-run homer, his 12th of the year, off loser Roger Craig 4-4. Former Cardinal Bob Sadowski, who relieved starter Wade Blasingame, was credited with his third victory in nine decisions.

Kennedy Has Flare For The Hot Homer

By GEORGE C. LANGFORD

UPI Sports Writer

John Kennedy is a helmet-slinging, water cooler-kicking Irishman with red hair to match his temper and a flare for the dramatic home run.

Ask fan Manager Gil Hodges and he'll tell you the 23-year-old infielder is one of the reasons the Washington Senators was given a new, two-year contract Tuesday.

Kennedy, who has flirted with a 300 batting average all season, celebrated Hodges' good news a few hours later by slugging a three-run homer with one out in the ninth inning and the Senators trailing the Detroit Tigers 5-3. The blow presented Hodges with a 5-5 victory and, it was Kennedy's second game winning blow of the month.

Few players have made a more auspicious debut than the scrappy Chicagoan, who delivered a round-tripper his first time at bat in the major leagues in September, 1962.

Lolich Takes Loss

Kennedy, who is playing his first full year with the Senators at third base, connected off losing reliever Mackey Lolich after Ed Brinkman had walked and Chuck Costner had walked. Steve Rajick was the winner in relief.

The New York Yankees trimmed the Baltimore Orioles, American League lead to three games by sweeping a doubleheader from the Los Angeles Angels 4-0 and 3-2 after the Orioles dropped a 3-1 verdict to the Minnesota Twins.

Kansas City whipped Boston 2-1 and Chicago drubbed Cleveland 12-3 in other AL games.

Philadelphia nipped Houston 8-1. San Francisco beat New York 5-0. Milwaukee clipped St. Louis 5-4 and Chicago shut out Cincinnati 1-0 in the only games scheduled in the National League.

The Almanac

by United Press International

Today is Wednesday, July 1, the 183rd day of 1964 with 183 to follow.

The moon is approaching its last quarter.

The morning stars are Jupiter, Saturn and Mars.

On this day in history:

In 1808, Lt. Col. Theodore Roosevelt and his "Rough Riders" captured San Juan Hill in Cuba in

the Spanish American War.

In 1932 the Democratic convention, meeting in Chicago, nominated Franklin D. Roosevelt for President.

In 1943 the "pay as you go" income tax bill went into effect.

In 1946 the first postwar test of the atomic bomb took place at Bikini Atoll in the Pacific.

A thought for the day — The

English philosopher, John Locke

said: "The only defense against the world is a thorough knowledge of it."

There are about five times as many men, alcoholics as there are women alcoholics.

This Is Good Time To Check On Progress

By DAVID NYDICK
UPI Education Specialist
This is an excellent time of the year for parents and students to look back and evaluate school progress. A student's academic, physical and social growth will vary. His schedule and participation in various activities may need revision. There are many advantages to an evaluation of this nature. It is par-

ticularly valuable in arranging plans for next year. It is also important for a child to have a realistic picture of his accomplishments. Although it is important to encourage a child, it is not necessary to create a false situation. If he is doing well in his school work, he should know it and if he is accomplishing very little, he should also be aware of this.

Use Positive Approach
In either case encouragement can be given by using a positive approach. By this is meant emphasizing the accomplishments and ways in which the child can improve his learning.
As an example, consider the case of Alan Roberts. His report card had B's, C's and an A in reading.

His parents spent some time with him looking back at the school year.
Alan was very happy to discuss his work with his parents. They were very careful to avoid telling Alan that he should have done better work.

Their idea was to help him see if there were some things he felt would have improved his grades.
The discussion was started by asking several questions about which subject he found difficult, and if he felt he had sufficient time and proper facilities for studying at home. At no time did Alan's parents insist. They emphasized that the discussion was for the purpose of making plans for next year.

The discussion was found to be very valuable. Alan had some good ideas. His parents were very pleased to receive his suggestions. They were not aware of some of the problems Alan had.

Problems Resolved
Alan was very interested in baseball. He was a member of a team which played a game every Saturday and practiced every day after school. He had been forced to give up this activity because he was taking piano lessons. He really was not interested in the piano but thought his parents would be upset if he stopped. Actually they thought he left the team because he was not able to play well enough. They said nothing because they did not want him to feel bad.

Both of these problems were easily solved. Alan and his parents were most encouraged with the plans for next year. This kind of discussion can be very valuable if it is approached in a constructive manner.

BUFFALO MEAT
NEW YORK — The U.S. Department of the Interior is selling buffalo, according to a recent report. The price — \$165 on the hoof and up to \$270 ready for the freezer.

TEEN WRITERS
FORT MADISON, Ia. (UPI) — Teen-age authors in Detroit, Denver and Arlington, Va., this year shared top honors in the world's largest creative writing competition for high school students.

An event dozen awards were won by youthful writers in each of the three cities in the 1964 Writing Awards contest sponsored by W. A. Sheaffer Pen Co. and conducted by Scholastic Magazines, Inc. There were 380 winning entries selected from thousands of student manuscripts submitted by more than 3,200 teachers in 2,460 schools in all 50 states, the District of Columbia, Guam, Puerto Rico, Marshall Islands, Canada, and from American-sponsored schools in six foreign countries.

POLLUTION
UNIVERSITY PARK, Pa. — Three types of pollution active, mine water and peat are subjects for study at the Pennsylvania State University.

A new concept of how fallout moves from the stratosphere, or upper air level, to the troposphere, the lower air level has been developed and verified by Dr. Edwin F. Danielsen, associate professor of meteorology at Penn State. Danielsen's findings illustrate the radioactive fallout, contrary to popular belief, doesn't drop slowly back to earth diminishing its potential hazard. Rather, he says, it may drop to earth in large amounts at certain locations, causing hot spots.

WINDOW UNDRRESSING—Leslie Spencer, 21, models one of these new topsless swimsuits in window of the Clothes Line, a shop on Sunset Boulevard in Los Angeles.

State Buys...

(Continued from Page 1)

Atty. Gen. Robert Matthews, Sup. of Public Instruction Harry Sparks, Agriculture Commissioner Wendell Butler, State Treasurer Emerson Doe Beauchamp, Clerk of the Court of Appeals Red Davis, State Auditor Commissioner Philip Swift, State Mental Health Commissioner Dr. Harold McPheters, and Commissioner of Public Information Cattle Lou Miller.

The new cars also have power brakes and steering, two-speed windshield wipers, seat belts, automatic transmission, radio, tinted glass, undercoating, back-up lights and V-8 engine.

The requisitioning of new automobiles by several state officials months ago caused quite a controversy, and the administration had hoped to let legislative approval for a change in statutes so that such officials would be entitled to state-owned cars, for "state business."

Such a measure was introduced in the House early in March but never got out of the Rules Committee. Most of the legislators who commented on the bill referred to it as the administration's "possession-back" bill.

FLIPPER THE SKIPPER SAYS:
THERE'S NO TRICK TO SAFE BOATING

Reading is more fun if you do it right, and proper equipment is vital to competent boating, says Flipper the Skipper, spokesman for the National Safe Boating Week Committee. How many of the 15 items of recommended equipment shown can you name? (Turn for answers)

TOLL OF ACCIDENTAL POISONING

NEW YORK (UP) — About 1,800 persons in the United States are killed every year by poisonous substances, taken accidentally, according to statisticians of the Metropolitan Life Insurance Company.

Very young children are most vulnerable to such accidental poisoning, the statisticians said.

The Annual Boatwright family reunion will be held at the City Park at 10 a.m. A basket lunch will be spread at noon.

SALADS FOR PEP

COLLEGE STATION, Tex. (AP) — Most men and women who eat salads should take a cue from rabbits, says Dr. W. W. Baer, director of the health education department of the American Medical Association. "Don't chomp salads lightly," Baer says. "Look at what such food does for the male rabbit. He's tight on his feet, has no paunch and maintains a lively romantic interest."

ADVICE

MIAMI, Fla. (AP) — A golfer at the Doral Country Club asked a pro what it would take to have him play like Arnold Palmer. "For you to be Jack Nicklaus," the pro snapped.

ILL FLEET UP

SPRINGFIELD, Ill. (AP) — Winter wheat production in Illinois was 71.4 million bushels in 1963, the Illinois Co-operative Crop Reporting Service said. The figure was 39 per cent above the previous high.

SAWDUSTLESS

UNIVERSITY PARK, Pa. (AP) — Sliced wood may be a means of eliminating waste at the lumber industry. Researchers at the Pennsylvania State University are using a cutting machine that eliminates sawdust. Each time a saw rips through a log in a lumber-making process, much waste results in the form of sawdust.

In some mills, the waste is saving boards equals, at times, one-quarter inch for every inch-wide board cut. Before the wood is sliced, it is placed under pressure to improve the quality of knife-cut material. Instead of using a stationary knife and allowing the wood to move by the blade, the process is reversed.

REDWOOD REPLENISHED

SAN FRANCISCO, (AP) — Well-managed California Redwood forests produce more new growth of trees than are being cut for lumber. The California Redwood Association said complete replacement of all redwood lumber manufactured by growing new trees and by selective logging of other trees is in sight. The million acres of redwood forests operated by private interests are in addition to the 200,000 acres held by state and federal agencies. More than 100,000 acres of the beautiful and historic trees, which embrace about 15 million redwoods, are located in California's 26 State Redwood Parks.

MYF Of Cole's Camp Ground Meets

The Methodist Youth Fellowship of the Cole's Camp Ground Methodist Church met on Sunday at 7:30 at the church. The president, Donnie Williams presided over the meeting.

The group sang songs with Mrs. Delois Scott at the piano. The group discussed plans for a picnic at the lake.

Marvin Scott led the closing prayer.

There were eighteen persons present at the meeting. The next meeting will be held on Sunday July 12 at the church.

BABY CALVES: About 15 head \$10.00-12.00 per head.

There is more hope and help for alcoholics today than ever before in history and yet the vast majority still die untreated.

ST. MARIES, Idaho 171 - Two school girls have a novel chore when they arrive home at Hells Gulch every day. They transfer from school bus to horseback and ride into their family's grain fields to chase away the elk.

Their father, Darwin Fleming, explains the elk don't just graze on the growing wheat; they pull it out by the roots. He adds: "Just wait 'til hunting season. There won't be an elk within 10 miles."

1 OF 5 DRIVERS HAS EYE DEFECT

NEW YORK 47 - One driver out of five, whether he wears glasses or not, has at least one vision defect that affects driving, reports the Better Vision Institute.

The Safety Center for Drivers here, which tests driver license applicants for several New York taxicab fleets, says it has discovered about 10 per cent of the men who believe themselves "competent" to drive a taxi test poorer than 20-30 in their weaker eye.
